

Facilitator Strategic Goals List

2003 AFHCP Offsite

Strategic Goals:

- Establish a mindset of *transition* for the Partnership
- Create / determine a 3-5 year vision of the Partnership
- Create a 'more traditional' Strategic Plan for the Partnership
- Determine where we want the Partnership to "go," and discuss parameters
- Address 1-2 year focus areas
- Review Partnership's Mission and Vision – revise if necessary
- Move Executive focus to '50,000 ft level'
- Address "Balanced Scorecard," population based healthcare, or other similar type initiative for the Partnership
- Description of future (new) environment and its relevance to strategic planning for the Partnership; Description of the role the Partnership could play in meeting the changing environment
- Description of the level of commitment to the Partnership. Do they see a future? If yes, why and if no, why not? What do they see is the potential for the Partnership?
- Description of what they would like to see happen - goals areas
- Description of what the Partnership can/ may contribute to the unique needs of individual organizations and still meet the needs of the Partnership as a whole
- Description of the role of technology - issues and what do we need to do to ensure that technology will assist in meeting the health care needs in the future
- Description of what we can do to ensure a higher level of care (increase health status) for all Alaskans
- How can we build on the unique strengths/experiences of each Commander/Director of the Partnership?
- AFHCAN transition; how do we get ready for and/or what do we do after the next 18 months when our 2-year transition timeline is complete?

Other Goals:

- Create a sense of urgency
- Obtain optimal participation and input from participants
- Keep light, informal, and relaxed
- Maintain an aggressive and quick pace
- Limit PowerPoint presentations
